

TECHNICAL INFORMATION

Brick Sizes Available:

215x102x73mm

215x102x65mm

215x102x50mm

Dimensional Tolerance:

T2

Range:

R2

Compressive Strength:

> 17.6 N/mm²

Water Absorption:

Max 18%

Durability Designation:

FL(F2/S2)

Average weight of pack:

1.1-1.2 tonnes

Pack Sizes:

Please ask

Reaction to Fire Classification

A1

Our products comply with

BS EN 771-1:2015 specification.

*The Technical Details are provided in
accordance with our test results at
the time of printing.*

This is a Picture Panel Card for reference only and it is recommended samples are obtained before making a final decision
